MEMORANDUM FOR All 919A Warrant Officer Course Students

SUBJECT: Welcome Letter from Company Commander, Charlie Company 554th Engineer Battalion

1. **Welcome to the 919A WOAC or WOBC.** As a 919A, Engineer Equipment Repair Warrant Officer, you can expect to be constantly challenged. You will be solely responsible for the maintenance of a company or battalion's worth of equipment. To prepare you for your future responsibilities, you can expect to be challenged and work long hours during your time here. With the aid of your course chief, CW4 Francisco Leca, and your instructors, I will ensure you take tools away that will assist in your future assignments. Our present Army is changing fast and the maintenance world we manage is heading in new directions. The standards are high; if you plan on a cakewalk course you may as well decide to stay home. I will ask you to think about what you want out of this course and come prepared to learn, as this is your first (WOBC) and last (WOAC) technical training in the future WOES.
2. **During your time in course you will cover the following areas:** Field Maintenance and SAMS-E, Ground Support Equipment, Construction Engineer Equipment, Combat Engineer Equipment, Automotive Equipment, Bridging Equipment, and Quartermaster/Chemical Equipment, along with many other Warrant Officer Professional Development topics. Plan on working in group projects and presenting material to your peers. You will be required to learn and demonstrate your knowledge, while learning from your classmate's experiences.
3. Following is general information that will help you plan for your stay at Fort Leonard Wood:
 - a. TRANSPORTATION INFORMATION
 - (1) Transportation to Fort Leonard Wood.
 - (a) Privately Owned Vehicle (POV): Take I-44 to Exit 161A (Waynesville, Saint Robert, Fort Leonard Wood). Follow signs south to Fort Leonard Wood main gate.

- (b) Air Travel: three local airports service Fort Leonard Wood: Lambert Field in Saint Louis, Springfield Regional Airport, and Forney Army Airfield located on the installation.
 - From Lambert Field (130 miles northeast of Fort Leonard Wood) both bus and air transportation is available. Trans World Express serves Fort Leonard Wood directly to Forney Army Airfield. You can also fly into Saint Louis and take a bus to Fort Leonard Wood. The Greyhound “Bus Port” is on the lower level. Note: The buses depart from Lambert Field at 0840 and 1615. Travel time to FLW is about three hours and the approximate cost is \$25.00 one-way. For the return trip to Lambert Field the buses depart at 0335, 0955, 1355, and 1930. There is a USO open 24 hours on the lower level of the terminal near the baggage pickup.
